Civil Air Patrol Squadron Hosts Golf Fund Raiser

Eau Claire, Wis. – The Eau Claire Composite Squadron held its 3rd Annual Civil Air Patrol (CAP) Golf Classic on Monday, June 27 at Whispering Pines Golf Course in Cadott, Wis. In an effort to raise funds to support its cadet program as well as to secure a venue suitable to support their missions, the unit was shocked when it received a major corporate donation.

Executives from Black Gold Assets LLC, located in Southlake, Texas donated a check for \$15,000 to the squadron at a dinner following the golf outing. Van Williams, CEO of the company, personally attended the golf event and presented the check to Wisconsin Wing vice-commander and project officer for the event, Major Rose Hunt.

Originally seeking \$500.00 donations from the business to support the unit, Hunt was shocked when she first heard that the Texas company was donating such a generous amount.

Hunt stated “As volunteers we mostly pay our own way in CAP. The funds raised at this event will go a long way in securing the equipment we need to best fulfill our missions.”

A Squadron of Excellence

The squadron also announced that another anonymous gift of \$1,000 had been pledged to the unit along with several other additional businesses from the area. A total of 56 golfers, who paid a fee to participate in the event, were also part of the fund raising efforts.
